

For Non-Profits, we realize that budgets are important. We also know that employment services, family resource centres, shelters, immigration services, recreational centres and the like appreciate the chance to hold classes for their employees and the public to take advantage of at minimal cost

If your centre requires health & safety training for employees, volunteers or to offer the public, we offer amazing discounts just for you!

At Eastman Safety Training Centre Inc. our mission is to give Manitobans the ability to live safer, aid others and save lives by providing high quality training and community programs

BLENDED LEARNING OPTIONS (Red Cross courses only)

As of March 1st, 2017 Emergency First Aid/CPR C/AED, Standard First Aid/CPR C/AED as well as CPR C/AED courses will be available via Blended Learning (part online, part in class).

Blended learning combines online and face-to-face instruction to achieve your desired certification. These certifications are valid for 3 years and are recognized by WSH throughout Canada.

Increased flexibility for scheduling.

Reduced in-class portion.

Self-paced online portion.
